

DANISH KHAN

FULLSTACK DEVELOPER

Bangalore, India | mail2danish@icloud.com

+91 741131191 | Github <https://github.com/danishzzx>

Profile Summary

I am a full-stack developer with a passion for building exceptional digital experiences. Based in Bengaluru, I combine my expertise in front-end UI design and back-end development to create dynamic, end-to-end web solutions. Whether you need a simple static site or a powerful interactive platform, I have the skills and real-world project experience to bring your vision to life. Feel free to check out my GitHub to see my work firsthand.
